

Honorable James M. Peck

Chapter 11

United States Bankruptcy Judge

Courtroom 601

United States Bankruptcy Court for the

Southern District of New York

One Bowling Green

New York, New York 10004

Case No. 08-13555

(JMP) (Jointly Administered)

In re:

Lehman Brothers Holdings Inc.
et al.

Debtors

Plea, writ of release, representatives and consultants of
a federal elections commission or state elections commission
basis, on grounds of conflict of interest in proceedings, and
immediate termination and release of said contracts if they
are appropriately identifying themselves and not in joint tenancy,
estate of, or behind a corporate charter with no updated
information, i.e. syndication or branch profit limitations in lieu
of civil or criminal act proceedings.

Any predecessor arrangements by these individuals in non-seated
elected office (non-paid, ex-officio, pro tempore, incoming, outgoing)
need to be voided and annulment is expected, or dissolution in
several abusive actions handled by local, internal arbitrators
(local lawsuits) to escheat payrolls or benefits to third party corporate
groups in 'arms length arrangements.'

There are no establishments, licensure grids, or hidden layered
corporations to reputable 'trust affiliates'.

This is written in penmanship as females would (i.e. Astor)
without proper sale/assignment rights in pre-1920 trust arrangements.

This concerns men trapped by corporations unable to entertain independent personal establishment, aged aliens, and purported mistresses of deceased men of power and influence silent on personal or professional misbehavior.

I also want valid federal monetary supply, inflation adjustment (against speculators positions) and regulatory release of insurance or other harassing contracts Lehman, et.al. 'chooses to renew' in an abusive manner, for profits in structured esser syndications (i.e. 'drugs') otherwise masked by arbitration.

Anyone with lingering 'telecommunications interference' has several sealed indictments [News Corp] to deal with in a public venue.

An arrogant judiciary has no representation but their own silence in eternity.

There is a common and proprietary law, per the alleged U.S. Code, CFR, and regulatory dossiers in industrial group. Local Chapter 7 / charter dissolution is demanded if corruption exists.
